Pro Extra is a complete food for dogs with high energy needs. It has a high proportion of animal based protein and fats and meets all the vitamin, mineral and nutritional needs of an active dog.

Pro Extra is available in 20 kg bags

- Digestibility 86%
- Metabolised energy 4130 kcal

### INGREDIENTS:

Wheat, chicken, wheat flour, animal fat, meat meal, beet pulp, fish meal, hydrolyzed poultry protein, greaves, linseed, dried whole eggs, yeast, salt, lecithin.

### TYPICAL ANALYSIS:

Crude protein 29%, crude fat 17%, crude ash 7.5%, crude fibre 2.5%, calcium 1.5%, phosphorus 1.1%.

### ADDITIVES:

Vitamin A 12.000 IU/kg, Vitamin D3 1.200 IU/kg, Vitamin E 200 mg/kg, Copper (cupric (II) sulphate) 10 mg/kg. EC approved anti-oxidant: BHA, BHT.

### 1. BALANCED QUANTITY OF ANIMAL AND VEGETABLE NUTRIENTS

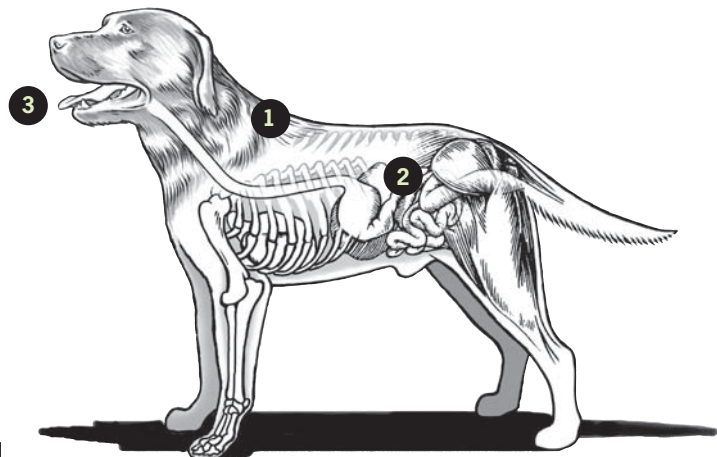

- Protein, carbohydrate and fat content have the same proportions as the corresponding Premium products in the Husse range of products

### 2. PROMOTES A HEALTHY STOMACH

- Rich in healthy fibres which stimulate intestinal movement and contribute to higher digestibility of nutrients, Pro improves stool texture and reduces quantity
- More energy means smaller feeding portions

### 3. VERY TASTY

- Contains hydrolyzed chicken protein which gives a taste that dogs love

### FEEDING ADVICE

	Weight	8 - 15 kg	15 - 40 kg	40 - 90 kg
	Quantity	20 - 15 g x kg	15- 11 g x kg	11 g x kg

1 dl = 35 g. Recommended amount depends on your dog's age and activity levels and should be split over two meals a day. Always feed Husse dry food with a bowl of fresh water.
